Nutritional and energy value per 100 g.:

Energy value 54,9 kcal/233,2 kJ.

Proteins 0.5g.

Fats 0.1g.

Carbohydrates 13g.

### KING OF PINEAPPLES PHULAE

Premium grade Thai mini pineapple that does not cause mouth burn. The royal mini-pineapple is even tastier and offers more health benefits compared to its "Big Brother". Mini pineapple is rich in organic acids, calcium, fluoride, iron, zinc and iodine. The vitamins that make up these pineapples play important roles in the body. Pineapple is the only food known to contain bromelain, an enzyme that digests protein. It helps the body to digest and absorb protein from meals. Plus helps to reduce and prevent formation of blood clots. Despite the fact that mini pineapples are sweeter than other varieties, they are still a low-calorie product, and therefore can also be used in various diets.
